< About KAMA >

In 1974, KAMA was founded by physicians of Korean heritage in the USA. With representation in the AMA Specialty and Service Society (SSS), KAMA's legacy and future direction continue to reflect the success of Korean American physicians who have achieved academic and scientific prominence in medicine.

< What We Do >

We convene Korean American physicians, healthcare leaders, and partners through a national scientific convention that fosters clinical excellence, innovation, and meaningful collaboration. Through curated sessions, networking, and partnership opportunities, we create a platform for knowledge exchange, professional growth, and community building.
